

RoHS compliant / Lead-Free Products Ordering and Identification — for UMEC Magnetic Components

✧ Ordering Code : **TG- Model number**

Example : If you want to order RoHS compliant / Lead-Free UMEC magnetic components, the model number is UT20325S then the ordering code should be TG-UT20325S.

✧ Product Marking : **The suffix “G” is added to date code.**

Example:

✧ Packaging Marking : **With a green label**

The packaging boxes would be marked with a green label that indicates that no lead (Pb) and RoHS compliant are present in the components and components are applicable to Lead-Free process.
